Research project: Evaluating emotional trust in AI for non-experts (ERP 25-109 EETAI)

Dear Prof. Jacques Klein,
Dear Jules Wax,

The Ethics Review Panel of the University of Luxembourg received your request on 17 October 2025 concerning the approval of the revised PhD project: **Evaluating emotional trust in AI for non-experts (EETAI)** conducted by Jules Wax.

The members of the Ethics Review Panel who attended the meeting are:

Silvia Allegrezza; Maria Lorena Cordero Maldonado; Jean-François Michel; Gabriele Lenzi;
André Schulz; Gerben Zaagsma.

Your request included:

- Application form
- Information sheet

After examining all the documents, the Ethics Review Panel has decided to **approve** the revised project description and the related documents, in the form provided to the Ethics Review Panel. This approval is valid until the end of the project mentioned on the application form.

Please note that the ERP has to be informed of any change to the study approved by the ERP. A change in PhD supervision will result in suspension of the ERP's approval. The new supervisor and the PhD student are responsible for ensuring that an updated application is promptly sent to the ERP.

Yours sincerely,

Prof. Dr. Silvia Allegrezza
Chair of the Ethics Review Panel
